o.167.D1/53 dated the 6th February 1953.

Sir,

Sub:-Establishment-Industries-Sericulture-Government Silk Filature, Kollegal-Temporary staff-Continuance for a further period from 1-4-53-Proposals submitted.

Ref:-1.G.O.No.Ms.950 Development dated 8-3-1952.
2.G.O.No.Ms.1220 Development dated 22-3-52.
3.Government Memo No.47827.G/52-2 Development dated 19-5-52.

In the G.O. first cited above, Government were pleased to sanction the continuance temporarily for a period of one year from 1-4-52 of the staff detailed in the annexure employed in the Government Silk Filature,Kollegal. In the G.O.second cited, sanction was accorded for the continuance of the post of the cost accountant in the scale of Rs.80-3-95-5-110 in connection with the preparation of cost accounts in the Government Silk Filatures, Kollegal, till 31-3-53. The sanction accorded for the aforesaid posts expires on 31-3-53. During the year 1952-53 a target production of 57600 lbs of raw silk was estimated against which 39000 lbs have been produced upto 31-12-52 and a further quantity of 13000 lbs is expected to be produced during the remaining period of the financial year. A quantity of 36000 lb. of silk has so far been sold. For the year 1953-54, I submit that the target of production may be fixed at 72000 lb of silk as against the previous year. The entire staff detailed in the annexure as well as the post of the Cost Accountant have been found essential for the normal working of the Filatures and it is necessary therefore that all the posts should be continued. I thefefore request that Government may be pleased to sanction the continuance of the staff detailed in the annexure as well as the post of the Cost Accountant for a further period of one year from 1-4-53.

Sir,

Sub:-Establishment - Industries - Sericulture - Government Silk Filatures, Kollegal - Temporary staff - Continuance.

Ref:-Development memo No.15746 G/53-1 dated 17th Febru 1953.

I furnish below seriatim replies to the three points raised in the Government memorandum cited above:-

1. Sentries:-The number of sentries was reduced to seven from sixteen only temporarily during the year 1950 as a measure of retrenchment. It is necessary to have at the Government Silk Filatures sixteen sentries especially as there are large stocks of raw silk, etc. In the Budget Estimate for 1953-54, provision has also been proposed for sixteen sentries. In the circumstances, the continuance of sixteen sentries asked for may be sanctioned.

2. Denier testers:-The presumption of Government is correct.

3. Target of silk production - 1952-53:-I invite kind attention of Government to the Production and Sales Budget for 1952-53 of Government Silk Filatures, Kollegal, wherein the target production was fixed as 57,600 pounds - vide Appendix V to the detailed Budget Estimate for 1952-53 - page 554.
